

PQS

PRECISION QUALITY SERVICES

COMPANY PROFILE

Textile Training · Consultancy · Troubleshooting

PRECISION. QUALITY. PERFORMANCE.

Precision Quality Services (PQS) is a specialized textile consultancy and training company focused on helping textile organizations improve quality, productivity, process control, and operational performance.

We combine technical knowledge with hands-on problem-solving and process improvement to help manufacturers achieve consistent quality and sustainable growth. Our work is rooted in the real challenges of the factory floor — not boardroom theory.

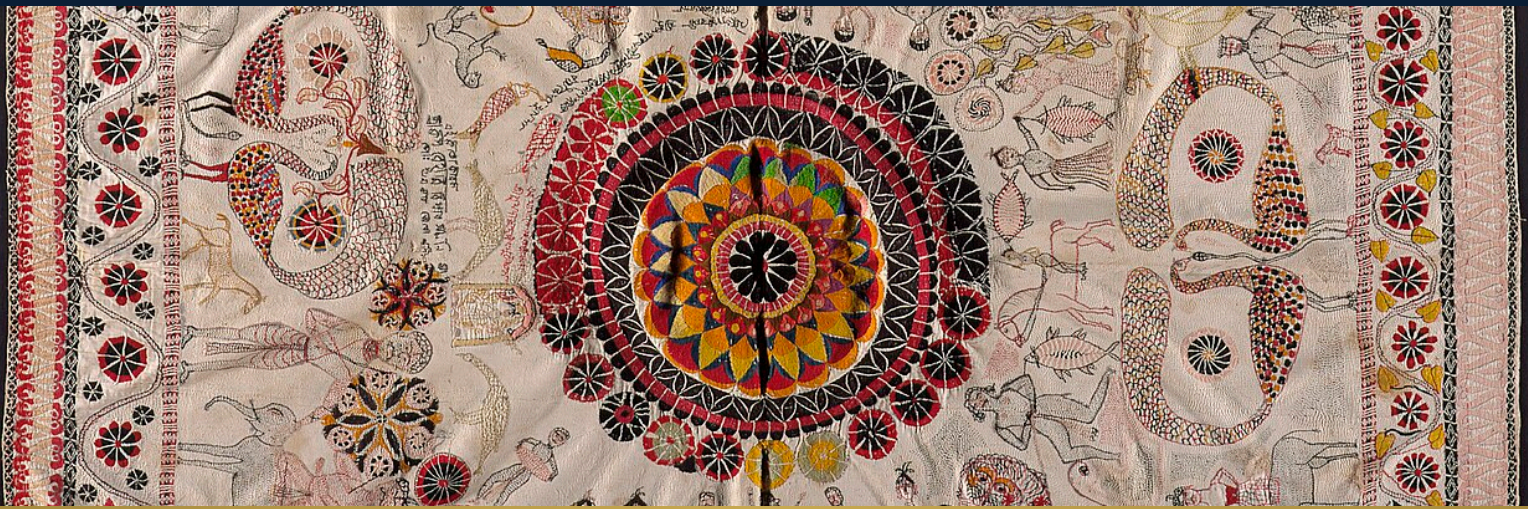

"Better processes create better quality. Better quality creates satisfied customers. Satisfied customers create sustainable business growth."

Our Vision

To become a trusted textile industry partner recognized for delivering practical knowledge, effective solutions, and measurable improvements in quality and performance.

Our Mission

To support textile organizations through professional training, technical consultancy, and practical troubleshooting that strengthen people, processes, and product quality.

Textile Training

Practical, industry-focused training programmes for production teams, supervisors, and quality personnel.

- Textile quality management
- Defect identification
- Process control fundamentals
- Quality control & assurance
- Root cause analysis
- Inspection & testing

Textile Consultancy

Helping organizations strengthen processes and build more effective, practical quality systems.

- Quality system improvement
- Quality performance improvement
- Process standardization
- Process evaluation & mapping
- Defect & rejection reduction
- CAPA implementation

Troubleshooting

Structured support to resolve recurring issues at the source, not just the symptoms.

- Problem identification
- Process investigation
- Root cause analysis
- Data collection & analysis
- Defect analysis
- Verification of results

A structured, practical engagement — from first conversation to sustained results.

01**UNDERSTAND**

We map the organization's processes, objectives, and specific challenges.

02**ANALYZE**

We examine available data, workflows, quality issues, and contributing factors.

03**IDENTIFY**

We pinpoint root causes using systematic problem-solving techniques.

04**IMPROVE**

We develop practical corrective and improvement actions.

05**IMPLEMENT**

Where required, we support the organization during implementation.

06**SUSTAIN**

We establish controls and practices that maintain improvement long-term.

TROUBLESHOOTING METHODOLOGY:

Problem → Root Cause → Corrective Action → Preventive Action

TRAINING PHILOSOPHY

Rather than focusing only on classroom theory, our training incorporates practical examples, real textile problems, case studies, and workplace situations — helping participants connect technical concepts with their day-to-day responsibilities.

CONSULTANCY PHILOSOPHY

Every textile organization has different processes, people, products, and challenges. We aim to understand the actual situation, identify improvement opportunities, and develop practical solutions appropriate to each organization.

Our Value to Textile Organizations

- **Improved product quality**
Consistent output that meets specifications
- **Reduction in defects**
Fewer rework cycles, lower waste
- **Better process control**
Stability across all production stages
- **Employee development**
Stronger technical capability at every level
- **Root-cause identification**
Problems solved at the source

Why Precision Quality Services

- ◆ **PRACTICAL INDUSTRY FOCUS**
Services designed around real textile manufacturing challenges.
- ◆ **CUSTOMIZED SOLUTIONS**
Training and consultancy adapted to each organization's specific needs.
- ◆ **QUALITY-ORIENTED APPROACH**
Focus on consistency, process control, and product quality.
- ◆ **PROBLEM-SOLVING MINDSET**
Technical problems addressed systematically to find underlying causes.
- ◆ **CONTINUOUS IMPROVEMENT**
Sustainable gains — not temporary fixes.

TRAINING PROGRAMMES

Customized technical and quality training for employees and management.

CONSULTANCY PROJECTS

Focused assignments addressing specific quality or process improvement needs.

TROUBLESHOOTING SUPPORT

Investigating and resolving specific textile manufacturing problems.

CONTINUOUS IMPROVEMENT

Longer-term support for sustained quality and performance gains.

Who We Serve

Spinning · Weaving · Knitting · Dyeing · Processing · Printing · Garments ·
Home Textiles · Textile Finishing · Quality & Testing

OUR TARGET AUDIENCE

Textile Professionals | Quality Managers | Quality Control Teams | Production
Managers | Production Supervisors | Technical Managers | Process
Engineers | Inspectors | Laboratory Personnel | Operators | Management Teams

FUTURE PROGRAMMES

PQS is continuously developing new training and consultancy programmes based on industry needs and emerging challenges. Our goal is to expand our offerings while maintaining the practical, quality-focused approach that defines our work.

OUR COMMITMENT

**Improve Knowledge.
Improve Processes.
Improve Quality.
Improve Performance.**

Our Promise

*Precision in Knowledge. Quality in Processes.
Solutions to Problems. Performance through Improvement.*
